Ashley Mizell is truly one of a kind, genuine and full of spunk! She's the life of the party, loving wife to Mike Mizell, and dedicated mother to three amazing boys-Bentley(6), Oliver(4), and Joseph(9months)! In addition to being born and raised in the KCK/Piper area, Ashley has made a lasting impression on her community through her talent and passion for photography.

Ashley has recently faced a challenge that none of us expected. After having no vision problems her entire life she suddenly and rapidly began to lose her vision in early 2019. After being referred to an eye specialist at KU Medical Center she was admitted into the hospital on February 12th.

Over the next two weeks we learned that Ashley had Bilateral posterior uveitis, Chorioretinitis, and Serpiginous choroidal dystrophy due to a probable diagnosis of Sarcoidosis (an autoimmune disease that causes inflammation and scarring in the affected organs).

**Please join us July 26th to support Ashley and her family through these difficult times.**
